

RIDE THE TRAILS IN COMFORT

Merhow has led the way in horse trailer manufacturing for more than 60 years, acquiring vast experience that translates into superior quality and lasting value.

Now, in addition to building horse trailers with living quarters we also offer stock trailers with living quarters as well.

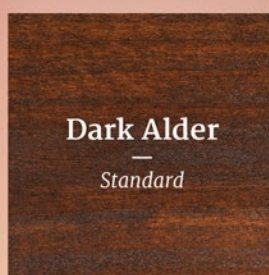

All Merhow-built living quarters come standard with residential-style, quality hardwood cabinetry featuring dove-tailed drawer boxes and side-mount, full-extension, ball-bearing guides. Other standard features include soft-touch walls, LED lighting, one-piece fiberglass shower, residential pillow-top mattress, three-cubic-foot or six-cubic-foot refrigerator, and recessed cook-top.

Merhow living quarter floor plans offer some of the most abundant storage space in the industry. All sofas and dinettes feature sliding drawers, and our 48-inch dinette is among the deepest in the industry.

Next Generation floor plans come standard with six or twelve feet of slide-out room, offering more space and the comforts of home.

INTERIOR WOOD CHOICES

All Next Generation horse trailers come standard with aluminum-extruded slat siding over the horse area, plus drop-down feed windows.

Next Generation stock trailers with living quarters come standard with a mid-tack, sliding rear door, cut gate, and plexi-ready tracks.

All Merhow Next Generation trailers feature an eight-year structural warranty and a two-year warranty on the living quarters.
